## Community Benefit Highlights\*\*

### Community Health Education

Offered trainings on various health related topics including stop the bleed, stroke awareness and the importance of organ donation through LifeSource to 295 community members.

### Mental Health

Provided a mental health workshop for caregivers within the community.

### Access to Care

A Community Health Worker (CHW) role was hired to increase mental health access. After the scope was revised and the position was filled, the CHW began work in January, concentrating on broad facility influence and stronger ties to the community.
